

You're invited to a **FREE Digital Impressioning Event** with Killian Dental Laboratory

Come see what digital impressioning can do for your practice!

Experience the many practice-enhancing and patient-pleasing benefits of digital impressioning at this **FREE** event provided by Sirona Dental Systems and Killian Dental Laboratory.

During this presentation, you'll learn the many benefits digital impressioning can bring to your dental practice, including:

- How to take a perfect digital impression in seconds
- How you'll save time by sending digital impressions to your lab instantly via the internet
- How digital impressions increase the efficiency, productivity and profitability of your office
- How digital impressions improve communication with the dental lab
- How digital impressions provide a more pleasant experience for patients: no mouthfuls of gooey materials or trays to gag on, and less time in the chair

Dr. Greg Campbell, DDS
Long Beach, CA

Dr. Greg Campbell is an expert on integrating Digital Impressions into offices and has a great understanding of all the digital impression systems on the market.

Stephen Killian, CDT
Killian Dental Laboratory

A CDT with 38 years of experience, Steve Killian has advanced restorative quality by integrating dental technology at Killian Dental Lab in his quest towards helping dentists realize premium patient care.
