...a Restored Smile!

A TEAM EFFORT

An open letter to Steve Killian, CDT
from the restoring doctor, Dr. M. (case not shown)

"Steve, I thought you might enjoy some positive strokes
for your labors... Thanks, Dr. M, DDS"

*"Dear Dr. M~,
Thank you so very much for Lisa's beautiful, feminine smile.
She is so confident of herself and her self-esteem is 100%!
She's truly a new, transposed woman and so very happy.
My entire family has critiqued them (veneers) and can't
detect any adjustments to be made. You should be very
proud of your artistic dentistry talents. You've changed an
individual's life forever!"*

Sincerely, A~
